for student and doctor check-in.

RSVP Here

Drs. Dean '87 & Jen DePice '88

Our featured speakers are Drs. Dean '87 and Jen '88 DePice. Drs. DePice are from Pennsylvania and owners of TLC Chiropractic Clinic. Their journey began at Life University, where they first connected. Committed to a holistic lifestyle, they chose home births and homeschooling, and launched their practice with minimal resources. Through determination, they paid off their entire student loan debt within five years. Their approach to life and professional practice is characterized by genuine transparency, openly sharing both joyful moments and challenging experiences while demonstrating how couples can grow and support each other personally and professionally.
